## NEW RIDERS OF THE SILVER SCREEN

"After I'd paid the union,  
for weeks I walked around the  
studio wondering, 'What do you  
do 10 years after retirement?'" —  
Gordon Stables, vice of Tim  
Rosen's follow-up to  
Scott John Pope

"Apprentice cinema is very  
much like school — the wide  
eyes, the nervousness, the  
easy confidence." —  
Marilyn Kay, director of the  
Hudson's River Library

"If you make a film for  
\$100,000, it's a film and you  
make \$250,000, then it's a  
commercial film." — Perry  
Wong, of the Commercial  
Film Unit and director of  
documentaries

There are two main reasons why the results of the study are important. First, the study shows that the use of a single, standardized questionnaire is not sufficient to capture the full range of factors that influence the use of a technology. Second, the study shows that the use of a single, standardized questionnaire is not sufficient to capture the full range of factors that influence the use of a technology.

THESE are the things that you can do to help your business grow. You can do it all by yourself, or you can hire a professional to help you. The choice is yours.

with the same complex effect. The authors conclude that the use of a single dose of 100 mg of diazepam may be associated with an increased risk of falls in elderly patients. The authors suggest that the use of a lower dose of 50 mg may be a safer alternative.

the 1980s, the industry has been hit hard by a combination of factors. The most significant of these is the decline in the number of people working in the industry. This has been caused by a number of factors, including the fact that many people have left the industry to work in other sectors, and the fact that many people have retired. Another major factor is the decline in the number of people working in the industry.
